- Alexander Pronin, Chief External Specialist in the issues of diagnostics and treatment of HIV infection Ministry of Health of the Moscow Region, Chief External Specialist in the issues of diagnostics and treatment of HIV infection in the Central Federal District Ministry of Health of the Russian Federation

11:40–12:00

Coffee break

12:00–14:00

Singapore-1 Hall

Parallel session «Management of the HIV epidemic»

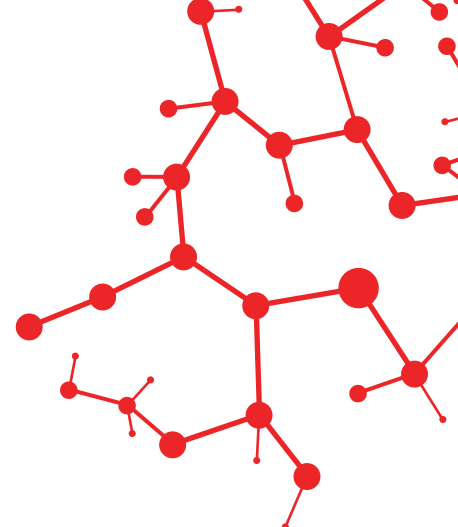

Moderator: Ladhaya N.N.

12:00–12:20

Virginie Supervie, French Institute of Health and Medical Research (Inserm). «Mapping the HIV epidemic to improve HIV prevention and care»

12:00–12:40

Lev Zohrabyan, UNAIDS, «SPECTRUM model»

12:40–13:00

Natalya Ladnaya, Senior Research Specialist, Federal Scientific-Methodological Center for the Prevention and Control of AIDS, Federal State Budget Scientific Institution Central Research Institute of Epidemiology of Rospotrebnadzor, «**HIV transmission related to medical care in the Russian Federation**»

13:00–13:20

Grigory Kaminsky, Doctor of Medical Sciences, Leading Researcher in Phthisiopulmonology and Infectious Diseases Institute, Ministry of Health of the Russian Federation «**Pre-exposure prophylaxis and antiretroviral therapy — to achieve maximum coverage**»

13:20–13:40

Discussion

12:00–13:00

Congress Hall

Panel discussion «PrEP: benefits and potential risks»

Moderator: Nikolay Lunchenkov

Participants:

- Ioannis Mameletzis (Independent global consultant on HIV prevention),
- Dr. Anastasia Pokrovskaya,
- Dr. Ekaterina Stepanova

13:00–14:00

Congress Hall

Parallel session «HIV-associated diseases»

Moderator: V.I.Shakhgildyan

13:00–13:20

Badma Bashankayev, Head of GMS Clinic, «**Colorectal cancer**»

13:20–13:40

M.S. Laskov, MD, PhD, Oncohematologist, Head of the «Clinic of Oncology and Hematology», «**HIV-associated lymphomas**»

13:20–13:40

Y.V. Ovodova obstetrician-gynecologist of the Moscow Regional Center for HIV care and prevention, «**HPV Project**»

12:00–13:00

Singapore-2 Hall

Panel session «HIV in children and adolescents: Treatment and prevention»

Moderators: Shahgildyan V.I., Latysheva I.B.

12:00–12:20

I.B. Latysheva, PhD in Medical Sciences, Deputy Chief Physician for Organizational and Methodological Work of the Republican Clinical Infectious Diseases Hospital of the Ministry of Health of the Russian Federation «**Modern Approaches to Prevention of Perinatal Transmission of HIV-infection**»

12:20–12:40

V.I.Shakhgildyan, PhD in Medical Sciences, Senior Researcher of the Federal Scientific-Methodological Center for AIDS Prevention and Control «**Cytomegalovirus infection in pregnant women and newborns. Diagnostic and treatment problems**»

12:40–13:00

N.I. Klevno, Doctor of Medical Sciences, Leading Researcher of the Children's and Adolescents' Department of the Federal State Budgetary Institution «National Medical Research Center for Physiopulmonology and Infectious Diseases» of the Ministry of Health of the Russian Federation, Chief External Specialist of the Central Federal District for Children's Phthisiology «**Tuberculosis and HIV-infection in Children**»

13:00–13:20

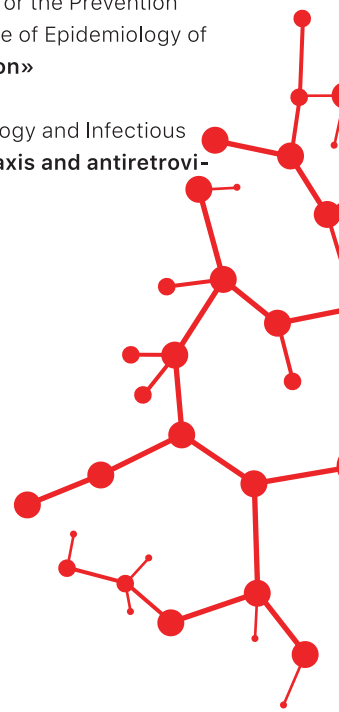

V.V. Zolotova «**Psychological causes of low adherence to treatment at the threshold of adulthood**»

13:20–13:40

Tigran Yepoyan, UNESCO Regional Adviser, «**Experience of Armenia, Belarus and Kyrgyzstan in implementing school-based health and HIV prevention education programmes**»

13:40–14:00

M. Medvedchikova/ A. Ilieva, UNESCO Program Assistant, «**Online Resources for Adolescents on Health, Relationships and HIV Prevention**»

12:00–13:00
Vladivostok Hall

Parallel section «Co-infection of Chronic Viral Hepatitis C»

Moderator: Zhdanov K.V.

12:00–12:30

K.V. Zhdanov, Doctor of Medical Sciences, Professor, Corresponding Member of the Russian Academy of Sciences, Colonel of Medical Service, Head of the Department and Clinic of Infectious Diseases of the Military Medical Academy named after SM Kirov, Chief Infectionist of the Ministry of Defense of the Russian Federation, St. Petersburg. **«Innovations in the treatment of hepatitis C and ways to interrupt the growing epidemic»**

12:30–13:00

P.O. Bogomolov, PhD of Medical Sciences, Head of the Hepatology Department of MONIKI, Chief External Specialist of the Ministry of Health of the Moscow region **«Treatment of uncompensated cirrhosis caused by HCV»**

13:00–13:30

O.P. Boldyreva **«Prioritization of therapy in the group of patients co-infected with HIV / HCV»**

13:30–14:00

Discussion

14:00–15:00

Lunch

15:00–16:00
Singapore-1 Hall

Parallel session «Modern trends in HIV treatment»

Moderators: Christine Katlama, Elena Orlova-Morozova

15:00–15:20

E.A. Orlova-Morozova, PhD, Head of the outpatient department of the Moscow Regional Center for HIV care and prevention, **«Doraverin: Setting a New Standard for ARV Therapy»**

15:20–15:40

A.V. Kravchenko, Doctor of Medical Sciences, professor, senior researcher at the Federal Scientific and Methodological Center for the Prevention and Control of AIDS **«New in the practice of using NNRTIs in Russia»**

15:40–16:00

Alistair Paice, «Two-component treatment regimens as a future effective switching strategy. Data from the 24-week TANGO study»

15:00–16:00
Congress Hall

Parallel Section «Cardiovascular Diseases among People with HIV»

Moderator: Rodionov A.V.

15:00–15:30

Priscilla Hsue, MD, Professor, General University of California, San Francisco, California, USA **«Minimizing cardiovascular risk in people living with HIV»**

15:30–16:00

E.V. Smirnov, Head of pediatric department of the Moscow Regional Center for HIV care and prevention **«Risk factors for CVD in adolescents on ART»**

15:00–16:00
Singapore-2 Hall

Panel discussion «Youth support and counseling»

Moderators: Miron Borisov, Anton Eremin

- Involving youth in
- HIV-activism;
- Peer support and counseling;
- Expanding access to one pill treatment,
- Stigma and discrimination in the healthcare settings,
- Emphasis on understanding U=U among health professionals

Participants: Anton Eremin / AIDS.CENTER foundation, Zlata Pankratova / Teenergizer, Dmitry Karol / Y-peer Belarus, Igor Kuchin / Y +

15:00–16:00

Vladivostok Hall

Panel discussion «PWID: experience of effective escort practices»

Moderator: Mehti Alizade

Participants: Dr. Marialuisa Partisani (COREVIH, Strasbourg, France), Rylkov Foundation (Moscow) Alexey Lahov, Humanitarian action (Saint Petersburg), Nadezhda Dernova, Foundation for «Support of social initiatives and public health» (Moscow), Alik Zaripov, Ostrov (Kazan)

16:00–16:15

Break

16:15–17:30

Singapore-1 Hall

Parallel section «Modern directions in treatment» (continued)

Moderators: Kravchenko A.V., Alistair Paice

16:15–16:35

Christine Katlama, Professor, Sorbonne University, Institute of Public Health and Epidemiology Pierre Louis, Founder and President of AFRAVIH

16:35–16:55

Anna Basova, PhD, medical manager, GSK, «**Analysis of application of two-component regimen of therapy with dolutegravir in Russian patients (additional GEMINI study)**»

16:55–17:15

A.V. Kravchenko, Doctor of Medical Sciences, professor, senior researcher at the Federal Scientific and Methodological Center for the Prevention and Control of AIDS «**New in the practice of using NNRTIs in Russia**» «**The benefits of a single pill regimen in HIV treatment**»

17:15–17:35

A.N. Polyakov «**Work of Johnson and Johnson in the field of preventive vaccines against HIV, as well as treatment of HIV infection and chronic hepatitis B**»

16:15–17:30

Congress Hall

Parallel Section «Cardiovascular Diseases among People with HIV» (continued)

Moderator: Rodionov A.V.

16:15–16:45

A.V. Rodionov, PhD, Associate Professor, Department of Therapy No. 1, Faculty of Medicine, Sechenov First Moscow State Medical University, «**Assessment and modification of cardiovascular risk in HIV-positive patients**»

16:45–17:15

A.V. Sozykin, Doctor of Medical Sciences, Head of the Department of Surgery and Medicine, «**Surgery or Medicines? Characteristics of atherosclerosis in HIV-positive patients. Data from "intravital histology"**»

17:15–17:40

Discussion

16:15–17:30

Singapore-2 Hall

Satellite Symposium «Modern Views on Therapy in the Transformed Profile of HIV-positive Patients» with the support of «Johnson & Johnson LLC»

16:15–16:35

I.B. Latysheva, PhD in Medical Sciences, Deputy Chief Physician for Organizational and Methodological Work of the Republican Clinical Infectious Diseases Hospital of the Ministry of Health of the Russian Federation, «**Experience in the use of ARV treatment in adolescents and women of reproductive age**»

16:35–16:55

N.V. Sizova, Doctor of Medical Sciences, associate professor of the department of socially significant infections «First St. Petersburg State Medical University named after Acad. I.P. Pavlova», deputy chief physician for outpatient care St. Petersburg center of AIDS care and prevention «**An aging cohort of HIV-infected patients. Own experience of the St. Petersburg AIDS Center**»

16:15–16:35

E.V. Smirnov, Head pediatric department Moscow Regional Center for HIV care and prevention «**Therapy for children with HIV infection. Reality**»

16:15–17:15
Hall Vladivostok

Panel discussion «Sex workers: experience of effective HIV prevention and support practices»

Moderator: Maslova I.

Participants: Dr. Maria Luisa Partisani (COREVIH, Strasbourg, France), Silver Rose / Irina Maslova, Steps foundation / Igor Pchelin, Médecins du Monde / Tatyana Rummyantseva

Day 2

09:00–10:00

Registration of participants

10:00–11:30
Congress Hall

Plenary session. Panel discussion «Controlling the epidemic: successes and challenges»

Moderator: Oksana Maklakova, Editor-in-chief of the Ekaterinburg city media E1.ru

Drug Resistance / Key Populations / Drug Supply Capabilities: Current Trends

- Vinay Patrick Saldana, Regional Director for Eastern Europe and Central Asia, Joint United Nations Program on HIV/AIDS (UNAIDS)
- Marina Bobkova, Head of the Department of General Virology, N.F. Gamalei institute of the Ministry of Health of Russia, Doctor of Biological Sciences, Professor
- Natalya Ladnaya, Senior Research Specialist, Federal Scientific-Methodological Center for the Prevention and Control of AIDS, Federal State Budget Scientific Institution Central Research Institute of Epidemiology of Rospotrebnadzor,
- Alexander Pronin, Chief External Specialist in the issues of diagnostics and treatment of HIV infection Ministry of Health of the Moscow Region, Chief External Specialist in the issues of diagnostics and treatment of HIV infection in the Central Federal District Ministry of Health of the Russian Federation

11:30–11:45

Coffee break

11:45–13:00
Congress Hall

Parallel section «The role of HIV reservoirs»

Moderator: Natalia Lebedeva

11:45–12:05

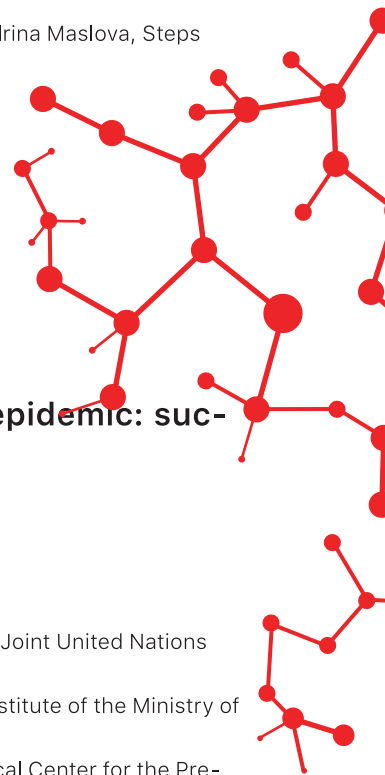

A.V. Semenov, Doctor of Biological Sciences, Deputy Director for Innovation, St. Petersburg Pasteur Research Institute of Epidemiology and Microbiology, Head of the Laboratory of Immunology and Virology of HIV Infection «**Recombinant Forms of HIV. Clinical relevance of detection**»

12:05–12:30

M.R. Bobkova, Head of the Department of General Virology, N.F. Gamalei institute of the Ministry of Health of Russia, Doctor of Biological Sciences, Professor «**HIV Reservoirs and Methods of Their Quantitative Assessment**»

12:30–13:00

Asier Saez-Cirion «**Cellular metabolism as the main determinant of HIV-1 reservoir formation in CD4 + T-cells**»

11:45–13:00
Singapore-2 Hall

Parallel section «Organization of work in modern conditions: regional experience»

Moderator: Orlova-Morozova E.A.

11:45–12:00

Y.K. Plotnikova, Ph.D. Head of Irkutsk regional center of AIDS care and prevention, chief external specialist for the diagnosis and treatment of HIV infection in the Ministry of Health in the Siberian Federal District, **«A systematic approach to accompanying patients with HIV. Attention. Care. Motivation»**

12:00–12:15

T.I. Bogatyreva, Head of Crimean center of AIDS care and prevention, **«Organization of work. Experience of the Republic of Crimea»**

12:15–12:30

S.A. Apoyan, Head of Nizhny Novgorod Regional Center for the Prevention and Control of AIDS and Infectious Diseases, **«The Role of Interagency Interaction in the Prevention of HIV Infection in the Region»**

12:30–12:45

E.A. Orlova-Morozova, PhD, Head of the outpatient department of the Moscow Regional Center for HIV care and prevention, **«The same day treatment. One year experience assesment»**

12:30–12:45

Discussion

11:45–13:00
Vladivostok Hall

Panel discussion «HIV awareness: current opportunities and challenges»

Moderator: D. Rebrov

Participants: Dmitry Rebrov / AIDS.CENTER foundation, Evgeny Pisemsky / «Parni plus», Galina Mosalova / «Takie dela», Oksana Maklakova / E1.ru

13:00–14:00

Lunch

14:00–15:30
Congress Hall

Parallel session «HIV drug resistance»

Moderator: Marina Bobkova

14:00–14:20

M.A. Prasolova, Senior Researcher, Vector Best **«The relevance of creating the Russian standard panel of HIV genovariants to improve the quality of NAT diagnostics»**

14:20–14:40

Anisenko A.N., PhD in Biological Sciences, Senior Researcher, Research Institute named after A.N. Belozersky, Moscow State University. M.V. Lomonosov, **«A new target for creating anti-HIV drugs with minimal risk of resistance»**

14:40–15:10

Francesca Incardona, EuResist Network GEIE **«The EuResist Integrated DataBase: how to exploit real life data for the study of HIV drug resistance»**

15:10–15:30

Natalia Marlow, Deputy Director, Molecular Diagnostics for Medical and Scientific Affairs, Abbott, USA, **«Modern and innovative technologies for detecting and monitoring drug resistance to HIV»**

14:00–15:30
Singapore-2 Hall

Panel discussion «MSM health: risk management»

Moderator: Sergey Abdurakhmanov

Participants: Ioannis Mameletzis (Independent global consultant on HIV prevention), Igor Pchelin (Steps Foundation), Dmitry Kharchevnikov (Foundation for «Support of social initiatives and public health», Moscow), Nikolay Lunchenkov, Igor Titov

14:00–15:30
Vladivostok Hall

Screening of «The Epidemic» documentary series

15:30–15:45

Break

15:45–17:00

Panel discussion

Congress Hall

Alistair Paice ViiV Healthcare Medical Director Russia, CIS, Middle East and Africa, UK, London «**The increasing problem of "club drug" use among people living with HIV and receiving ART: safety concerns**»
